ATTACHMENT "A"

(Written Description of Service Mark)

A group of five (5) owls varying in length and size roosting together. Each owl has a large head and large eyes which are half open. The owls have short hooked bills and at the base of the beaks are several rows of small, curved, stiff-shafted feathers giving the appearance of a bib. On the tops of their heads the owls have conspicuous hornlike ear tufts. The owls appear neckless and without talons. Each has a body which curves to a point at the base. A pyramid shaped plumage of tail feathers is attached to the base of each owl's body. The owls show two phases of coloration.
